INFORMATION SHEET FOR LICENSURE BY EXAMINATION GRADUATES OF INTERNATIONAL NURSING EDUCATION PROGRAMS

Jurisdictions – The National Council Licensure Examination for Registered Nurses (NCLEX-RN) jurisdictions include the following: All 50 American States; American Samoa; District of Columbia; Guam; North Mariana Islands and the Virgin Islands.

RN APPLICATION FOR LICENSURE: GENERAL INFORMATION

Read these instructions prior to completing the application. Failure to read and follow instructions may cause unnecessary delays in processing the application.

- A. Applicants** – Applicants include international graduates who are first-time writers of the NCLEX-RN in Georgia; or repeat writers who wrote in another jurisdiction(s) and **who are applying in Georgia for the first time**, or applicants who are registered nurses in Puerto Rico and who have passed only the Spanish examination. **Please note that the Georgia Board of Nursing limits the period of eligibility to THREE (3) years from the first date on which the NCLEX-RN was written in any U.S. jurisdiction.** Registered nurses, who passed all parts of the State Board Test Pool Examination (SBTPE) which was offered in eight of the ten Canadian provinces until 1970, may be eligible for endorsement. Registered nurses who passed the Canadian Nurses Association Test Service (CNATS or CRNE) examination must pass the NCLEX-RN.

Since this is an application for licensure as a registered nurse, it must be filed by the individual applicant. *The Board of Nursing* does not recognize a power of attorney for this process. The application forms must not be altered. Faxed applications will not be accepted.

If an applicant has a disability, which requires accommodation, please contact the Board of Nursing to obtain the Request for Disability Accommodation Guidelines.

- B. Licensing Process** – The application package includes the *Georgia Board of Nursing* Application for Licensure by Examination and NCLEX-RN Candidate Bulletin. You may contact the test service at www.pearsonvue.com/nclex. The Board of Nursing application remains current for one (1) year, after which a new application and fee must be submitted. Supporting documents, which are not subject to change, do not need to be resubmitted.

The sequence in which you apply for licensure and register with the test service matters. The application with the test service is open for 365 days after which you will need to re-register and pay the fee again. Please consider not registering until the Board of Nursing has notified you of your approval. At that point, the Board of Nursing will notify the test service that you are eligible. The test service will send you an Authorization to Test (ATT) which is effective for six (6) months within that window.

When you receive your Authorization to Test from the test service, you may schedule the date, time and location for the NCLEX-RN. Since the NCLEX-RN is administered year round in many sites, there are no longer any deadlines. If you are applying to be licensed in Georgia, you may take the NCLEX-RN at any site, whether it is in Georgia or not.

- C. **Application Fee** – The completed application for licensure by examination with the required, nonrefundable fee of \$40.00 (U.S.Funds) in the form of a cashier's check, certified check, or money order, made payable to the Georgia Board of Nursing, must be submitted to the Georgia Board of Nursing. Personal checks drawn on a US bank account are acceptable.
- D. **Eligibility** - You may take the NCLEX-RN over a three-year period from the date on which the original eligibility was determined by the Georgia Board of Nursing. Applicants may take the NCLEX-RN up to four (4) times in a given calendar year. The Board does not issue a temporary permit for practice as a Graduate Nurse. **If your travel plans are contingent upon your eligibility, please bear this in mind prior to making final arrangements.**
- E. Answer all questions. If you leave any spaces blank it may delay the processing of your application. A non-applicable question should be indicated as such.

APPLICATION INSTRUCTIONS

Use the same form of your name on your licensure application to the Board of Nursing, and on your NCLEX examination registration form. Nursing Education – The application includes Documentation of Nursing Education forms and Classroom and Clinical Information. Please send these forms to each nursing school attended. Transcripts and any supporting documents must clearly describe all classroom and clinical/practical nursing courses. The school must submit the official documents directly to the Board office. Documents must be in English or be accompanied by an English-language translation. If they are not in English, the Board will require you to provide the name of an authorized translator to whom the documents can be sent for translation into English at your expense. Educational documents are not accepted directly from an applicant. **In lieu of the above**, you may request that C.G.F.N.S., another licensing board, or an educational institution (other than the one from which you graduated) send a verified copy of the transcript to this office.

If the review of the CES Report and the official transcript indicates a curricular deficiency, you will be notified in writing of the need to complete a nursing course(s) (both classroom and clinical) before eligibility to take the NCLEX-RN can be determined. Upon passing the course, you must request the Institution's Registrar to send an official transcript directly to the Board office.

Classroom and Clinical Nursing Courses – Please check all applicable areas.

Licensure as a Registered Nurse – The application includes a Verification of Licensure form. It should be sent to the licensing/registration board, which can verify that the license to practice as a registered nurse is current, provide its expiration date, and respond to the disciplinary status. The name on the verification of license must be the same as the name on the application. The licensing/registration board must send the verification directly to this office. If you do not have a current license anywhere, you are not eligible to submit an application in Georgia. If you are currently licensed in a U.S. state which utilizes NURSIS, please complete the NURSIS form and send it with a fee to the address on the form.

Previous Applications for Licensure – (a) It is helpful to know whether an applicant has applied previously to the Georgia Board of Nursing because supporting documents, which are not subject to change such as transcripts, may be stored in the Archives. They can be retrieved and filed with a current application (b) and (c). The Georgia Board of Nursing limits the period of eligibility to three (3) years from the date on which the NCLEX-RN was first written in any jurisdiction. Previous information about the NCLEX-RN history will be needed in order to process the application.

Practice as a Registered Professional Nurse – The Board requires information that you have practiced in another territory, province, state, district, or country as a registered nurse for three (3) months or 500 hours within the four (4) years immediately preceding the date of this application. An alternative to this would be graduation from a nursing education program within the four (4) years immediately preceding the date of this application.

If you do not meet the requirement, a Board-approved reentry program must be satisfactorily completed upon passing the NCLEX-RN and before issuance of a permanent license.

An applicant who must satisfy a curricular deficiency and who does not meet the practice requirement may satisfy the latter upon passing the required nursing course(s).

Disciplinary Information – Please respond to questions A, B, C and D.

Passport Photograph – Please respond to directions and sign in the presence of a notary.

Release of Information – Please complete if applicable.

Certification – Please sign the application (given name followed by surname) in the presence of a notary.
